

# Getting to Know Georgia's Regions

## A Walk Through Time in Georgia Scavenger Hunt: 2nd and 3rd Grade

### Piedmont Region

What kind of frog can you find in this area? \_\_\_\_\_

Use numbers to show the sequence of a frog's life cycle, with 1 being the youngest and 4 being the oldest.

froglet

\_\_\_\_\_

eggs

\_\_\_\_\_

frog

\_\_\_\_\_

tadpole

\_\_\_\_\_

### Appalachian Region

Find the largest animal in the pond. \_\_\_\_\_

What type of animal is it?

Reptile

Fish

Amphibian

Look around at the trees in this area. What time of the year is it? How can you tell? \_\_\_\_\_

\_\_\_\_\_

### Ridge and Valley Region

Georgia has more than 300 caves, most of which are located in the Ridge and Valley Region.

Do you see any animals that might like to live in a cave? \_\_\_\_\_

Drawing a line, match up the following definitions and the animal that fits:

**Carnivore**  
(animals that eat just meat)

**Herbivore**  
(animals that eat just plant material)

# Getting to Know Georgia's Regions

## A Walk Through Time in Georgia Scavenger Hunt: 2nd and 3rd Grade

### Cumberland Plateau Region

The water in this region has helped to shape and smooth out the rock over time. What is that process called? (Circle one.)

Gravity

Erosion

Climate Change

What season is being shown in the Cumberland Plateau? \_\_\_\_\_ List three ways you can tell.

1. \_\_\_\_\_

2. \_\_\_\_\_

3. \_\_\_\_\_

Which physical state is the water shown in this region?      Solid      Liquid      Gas

### Coastal Plain Region

Fill in the names to put the following Coastal Plain organisms in the proper order for a food chain.

tortoise

owl

snake

palm

Who would not have food if the habitat changed and the gopher tortoise went extinct? \_\_\_\_\_

### Coastal Plain Region

Circle the trees that look like the ones you can see here in the Okefenokee Swamp.

# Getting to Know Georgia's Regions

## *A Walk Through Time in Georgia Scavenger Hunt:* 2nd and 3rd Grade

On the cypress tree, notice that the trunk is very wide at the bottom. This is called a buttress.

How do you think this helps the trees grow in the swamp? \_\_\_\_\_

### Cumberland Plateau Region

List three plants or animals that you see here that you can't find in the other regions.

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

Pick one thing from your list and explain why it could not live in the mountains. \_\_\_\_\_

### Gray's Reef

What is the largest predator you see on the reef? \_\_\_\_\_

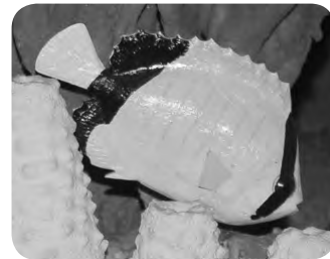

Almost half of the coral reefs in the United States' territory are in poor or declining health, mostly due to human impact. Circle any animals that you think are affected when litter makes its way to the ocean.

Sea Turtle

Pelican

Fish

Sponge

Sea Star
